Okay, so I shouldn't expect the comment period to open up until the third week of May. Is that correct?

Matt

Usually, about 1 ½ to 2 weeks.

Thank you Mellonie! Do you know what the turnaround time for something like this typically is? I'd like to notify the registrants and the science divisions.

Thanks again,

Matt

Hi Matt,

All is well thank you.

Okay, I will enter it into the RCIS system. I prepare the funding request, and docket verification. You will not have to concern yourself with that. I will make sure it happens.

Thank you.

Mellonie

Subject: FR Notice Billing and Encoding: Neonicotinoid Public Comment Re-opening

Good morning Mellonie,

I hope you are doing well.

As you may have heard, the public comment period for the neonicotinoids will be re-opening for an additional 30 days (see attached FR Notice). The title of the document is "Pesticide Registration Review; Proposed Interim Decision for Several Neonicotinoid Pesticides; Re-opening of Comment Period" and the SAN number is 7969. Could you please assist me in starting the billing and encoding process?

Please let me know if there is anything you need on my end,

Thank you,

Matt
